MAIN FACS INACTIVATION OF ACCOUNTING EVENT

The following modification will be available on Monday, August 14, 2006:

The program that moves records from the active accounting event ((Accounting Event Record Inquiry (S084), Vendor Transaction Inquiry (S085), and Document Transaction Inquiry (S086) screens) to inactive accounting event has been modified to handle a larger number of records. This program runs only once a month on the Sunday after monthly reports are run. This modification will be transparent to end users.
